Hidradenitis Suppurativa: Optimizing Multi-Disciplinary Management

Chairperson:

Dr Richard Chew

General Surgeon
Richard Chew Surgery

Dr Chew has many years of experience in General Surgery since obtaining his MBBS from the National University of Singapore in 1975. He obtained his Master of Medicine (Surgery) in 1979 and that same year, he became a Fellow of the Royal College of Surgeons in Edinburgh and Glasgow.

He has been a Fellow of the Academy of Medicine Singapore since 1984 and was a visiting Fellow at Department of Surgery Tokyo University Hospital and Japan Cancer Centre in 1981. Prior to entering private practice in 1987, Dr Chew was practicing at the National University Hospital Singapore.

Speakers:

Dr Jean Ho

Dermatologist
Jean Ho Skin and Laser Clinic

Dr Jean Ho is a specialist in dermatology with more than 10 years of medical experience. She is dedicated to providing quality care in the treatment of disorders affecting the skin, hair and nails. Her areas of interest are Paediatric Dermatology and Laser Surgery.

Her areas of expertise include eczema, birthmarks, pimples and pigmentation. She provides a range of non-invasive, non-surgical procedures designed to restore your skin's health and natural beauty.

Dr Jean Ho completed her medical studies at the National University of Singapore. She was conferred the Member of the Royal College of Physicians (UK), and Master of Medicine in Internal Medicine (Singapore). She completed her Advanced Specialist Training in Dermatology at the National Skin Centre. She is also a Fellow of the Academy of Medicine for Dermatology.

Prior to starting her practice at Jean Ho Skin and Laser Clinic, Dr Ho was a Dermatologist at the National Skin Centre, Singapore, where she dedicated her time to advancing the research and treatment of eczema, and other skin diseases.

She was also a Derasurgeon, experienced in the surgery of skin growths and tumours, as well as laser treatment of pigmentation, birthmarks, tattoos, hair removal and skin rejuvenation.

She was Clinical Teacher for the National University of Singapore and was involved in education programmes for undergraduate medical students.

Dr Ho has published in peer reviewed medical journals and presented at medical seminars as well as educational events to the public.
